

Infinity Aero Membership Prices

Pro membership requires a one-time, buy-in fee of \$1,500 and payment of dues at \$200 a month. Rental rates are always at the lowest price no matter how much you fly.

Pro Membership Rental Rates

Alto Price per hour	Cessna 172B Price per hour
\$129.00	\$149.00

Standard membership requires payment of dues at \$200 per month with rental rates on aircraft, at \$168 per hour for the Alto Light Sport and \$175 per hour for the Cessna 172B. Rates can be reduced by the purchase of block time according to the table below:

Standard Membership Rental Rates

Block of Purchase	Alto Price per hour	Cessna 172B
Pay as you go	\$168.00	\$175.00
Block 10-19.9 hours	\$159.00	\$168.00
Block 20-29.9 hours	\$146.00	\$159.00
30 hours or more	\$129.00	\$134.00

We also have an FAA certified BAT-D simulator in which you can get instruction and log flight time. Price is \$35 per hour.

Block rates for Standard Members are one-time purchases. For example, if you know you're going to fly the aircraft a lot and want to pre-pay 30 hours then you can get the planes at the lowest rate. Or if you just want to rent by the flight, then the highest rate applies. However, if you buy-in at \$1500 you always get the base rate.

The base rate is what it costs us to operate these aircraft at reasonable fuel prices. MOGAS is the preferred fuel. If you are refueling at other airports then you may have to purchase Avgas. You will get a credit of that purchase at the market rate of Zephyrhills.

Membership includes 24/7 (or nearly so) access to our X-Plane and MS 2020 flight and drone simulators. You can come hang out in the hangar any time. We have parties and flying events.

Additionally, we have a part 107 drone flight academy in which you can enroll to get your commercial drone license and four additional drone classes at \$199 per course.
